

# *LEARN: Hands On Learning Plans for Your Preschooler*

*"I am looking for different and interesting ways to teach him how to count, learn the alphabet and eventually start reading." "My daughter is 3 and I wanted to start writing with her, also need help with recognizing her numbers and letters...."*

*"Tell me and I forget. Teach me and I remember. Involve me and I learn." - Benjamin Franklin*

You've decided that its time to doing some learning activities with your preschooler. Because she's ready and excited! You begin your quest to find fun ways to learn the alphabet and numbers (and who knows what else they need to learn) on Pinterest... only to find a ton of *worksheets* for learning. *Worksheets?* They can do worksheets at school. You want her to enjoy learning and really get involved, so it really makes sense. The activities that you find that aren't worksheets are so over the top to do, with supplies that you have to go to the store and find... and then take an hour to set the activity up... that you get overwhelmed. There has to be easier way to make it fun to learn!

What if I told you I have a resource of ways for your preschooler to learn what they need to, without worksheets?

Now is the time to involve your preschooler in their learning. Giving them the love of learning early on in life will set them up for success.

## LEARN: Hands On Learning Plans for Your Preschooler

These are 35 hands on learning activities that you will actually do with your preschooler that make it fun to learn. You'll be guided on how to find that extra 15 minutes (that you don't have) to make time for the most important part of your life: your family.

# Make it Easy to Help Your Child Love to Learn!

They are the simplest of learning activities that use the supplies you have, in a hands on way. An entire week of activities (plus a supply list) is on one sheet of paper, making it easy to print out and pin it up for the week. That also means that each activity is explained in 2-3 short sentences. There are printable activities, planners, and tips on how to do these activities! LEARN has five printable weeks of 35 activities to do with your child. These activities are the heart of the eBooks and are what sets these apart.

## Super Easy Way to Make Yourself Be Present

Having a planned week of simple (doable) activities ready for you to do with your preschooler, makes it super easy to actually do them! By having a simple place to come back and check off that you did the activities gives you a sense of accomplishment. That little push you need to help you go ahead and have some fun with the kids (and get them learning without even knowing it)!

**ABC LEARN** Preschooler Activity Plan: Week One

- Monday:** Cut an object out of paper. Write in the middle "S is for Snake" or "T is for Tree" in regards to the object. Write various letters around the edge of the object. Find the letter that the object starts with and clip each with a paper clip. (page 24)
- Tuesday:** Create different patterns with Lego, or other blocks, such as ABAAB, ABCABC, AABBAABB. See how high of a tower you can make! (page 25)

**ABC LEARN** Preschooler Activity Plan: Week Two

- Monday:** Tape a maze on the floor. Write the same letter over and over on the correct path. Write other random letters on the remaining parts of the maze. Follow the letter to drive through the maze. (page 30)
- Tuesday:** Tape one of each number card from a deck of cards to a wall (remove J, Q, K, A). Put tape on the rest of the number cards. Set out to find matches to the numbers on the wall. (page 31)
- Wednesday:** Snap photos of objects around the house (look for shapes) with your iPad or camera. Go on a hunt to find the shapes in the photos! (page 32)
- Thursday:** Write their name on a piece of paper in highlighter. Then trace over it with pencil. Trace over that with wash glue. Trace over that with yarn! (page 33)
- Friday:** Set out papers of different colors. Write the name of the color at the top. Tear up scraps of paper in the same color hues. Then glue scraps onto corresponding papers. (page 34)
- Saturday:** Draw several letters on a chalkboard in chalk. Call out a letter (or draw from letter blocks to choose), find that letter and spray with water to erase it! (page 35)
- Sunday:** Conduct a family interview of each other. Record it with a video camera for a timeless keepsake.

**ABC LEARN** Preschooler Activity Plan: Week Three

- Monday:** Write letters on sticky notes and place them around the house (under and on top of the dining room table and chairs works great). Name a letter then stomp it! Repeat! (page 36)
- Tuesday:** Make a puzzle with the side of a cereal box. Write numbers in a grid, in order, on the back. Cut apart the numbers in various shapes. Count to put the puzzle back together! (Put it together again using the front side.) (page 37)

**ABC LEARN** Preschooler Activity Plan: Week Four

- Monday:** Write random pairs of letters (not by each other) on a long sheet of paper. Draw a line to connect the letter pairs. (page 42)
- Tuesday:** Roll a die (or dice) and count the dots. Then count out kernels of corn (or other small objects) into a muffin tin. Roll and count again. (page 43)
- Wednesday:** Cut various shapes (two or three of each) from paper. Hang just high enough out of reach in a doorway using yarn and tape. Jump and grab the matching shapes. (page 44)
- Thursday:** Write their name to fill the top of a paper. Stick matching letter stickers below each letter, spelling their name over and over again. (No stickers? Write the letters on pieces of paper and glue them.) (page 45)
- Friday:** Walk water by filling two jars with different colored water. Dip a strip of paper towed into each jar and place the other end of the towel into a third, empty jar. Watch the water walk the paper towel and mix together as it drips into the empty jar. (page 46)
- Saturday:** Cut living and non-living things out of magazines. Glue onto two separate pieces of paper to classify them and make a collage. (page 47)
- Sunday:** Go on a field trip to somewhere sentimental to Mom & Dad and tell the kids about it.

# Weekly Activity Planner!

A blank weekly activity planner is included in each eBook as well to help you plan each week going forward. Don't worry, there's plenty of more activities included to quickly plan your weeks!

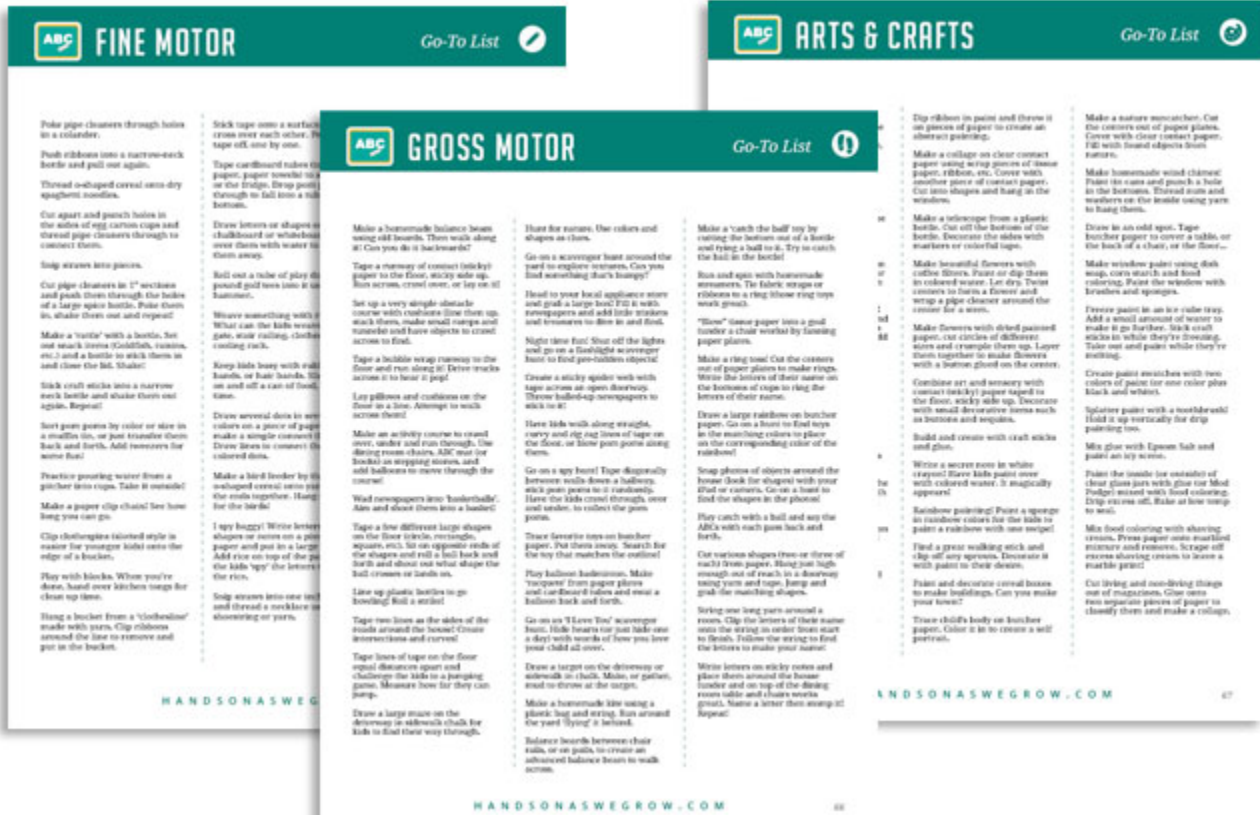

## Resources for Even More Fun!

Once you've mastered the planned weeks of activities, keep the fun rolling with the blank weekly activity planner on your own! Head to the resource section full of every kind of activity you're looking for to find ideas to fill it!

## Need Another Activity When You're in a Pinch?

While the five weeks of activities are the heart of the eBooks, the Go-To Lists are my favorite. They're lists of all the different types of activities (there's 5 of these lists total in the set of books) with literally over 100 fun activities for all the ages to do! These are great activities to substitute during the five weeks if you don't have something on hand (which is unlikely since the supplies are all very common) or to use in your activity planning going forward.

Forget the

hours of trying to find an activity with supplies you have. Don't waste your time trying to decide if the activity is suitable for your one year old.

Make is super easy to have fun learning with your preschooler and be the parent you keep dreaming you will be.

*What Buyers Think of It*

These activity plans really help parents, just like you, find fun to do with their kids!

This takes down the need to scour the internet for ideas. It's like looking for a recipe on the internet, so many options that often times it is less overwhelming to look in a book on the shelf than stress about too many options. - *Robyn G.* I am a speech pathologist and enjoy working with 1-4 year olds. It's always nice to get some fresh ideas to keep them (and myself) motivated. Keep up the great work and thanks again! - *Aja* I have been looking for something like your books for 3 years now since I became a full time

Mum. I am quite a busy person who, to be honest, simply doesn't have the time or the energy to be super domesticated child education Mum. But these activities are really really easy to set up, and you are right, I DO have most of the stuff at home (I dont mind putting the odd thing on the grocery list for them e.g. hair gel haha), so I can actually see myself doing these things with my kids. I think you are a genius and I will be telling all my friends about these books. I also have a 6 week old baby boy so I am going to get years of use out of them.- Sarah A.

### Frequently Asked Questions:

**Engage Activity Plans Format:** PDF download, 8.5" x 11", 81 pages **Method of Delivery:** You will receive an email with a link to download the PDF. There is a full eBook PDF as well as another PDF of just the printables that you can print at home (or keep a copy on your phone or tablet for handy ideas). **Can I see a sample of one of the pages?** You can see [samples weeks of our similar activity plans here](#). **Can I return the eBook?** The eBooks are a digital download, no, you cannot actually 'return' it. *But I do offer a 14-day money back guarantee.* With a 14-day money back guarantee you can purchase the eBook today. If you find it isn't a right for you, you get your money back. **Is this site secure?** Yep! Look for the "Secure" lock in your browser web address bar. **How do I open the eBooks?** The eBooks are in PDF format, you will need Adobe Reader to open them ([download it here](#)). **Can you mail me the activity plans?** These weekly activity plans are in digital format. You can also purchase a physical [print version of LEARN on Amazon here](#).
